

FRIDAY

Kevin Griffin

It was Friday, that much I remember,
but not the year.

Doctors rebooted my heart,
to steady the rhythm , they said.

I was unsteady for a time after,
and expected to see things differently
and eventually gave up.

Secretly, I wasn't disappointed.

I shouldn't try to get ahead of myself.

Maybe it wasn't the rhythm at all.

But it was certainly a Friday.
