

## The Plainest Day

Brazilians may disagree,  
but Tuesday is the plainest day.

If not totally paranoid, from all the haters,  
Monday must have too thick a neck  
to be in any way unassuming.  
Saturday and Sunday have all the regalia  
dressed to kill, for parties and pews,  
for socialising and siestas,  
for swimming and shagging.  
Wednesday of course,

is the centre of the universal week,

the hub of time itself,  
the pathway to paydays  
thunderous Thursdays  
and Fridays to thank your gods for.  
Black Friday, Good Friday, Man Friday.  
Piss-Off-Early-Tomorrow's-Saturday  
three o'clock rush hour Friday.  
Everybody loves a Friday

No, Tuesday is the plainest day.  
Didn't we meet on a Tuesday?
